# SEE FOR YOURSELF

How the Matter and Form 3D Scanner Challenges the competition

# MATTER and FORM

## THE MATTER AND FORM PROVIDES SUPERIOR PERFORMANCE AT A PRICE YOU CAN AFFORD

### FEATURES

#### Scan Area

Height: 22.9cm  
Diameter: 20.3cm  
Weight: 3.0kg

#### Scan Accuracy

Captures details to 0.43mm  
Captures size within +/- 0.5mm

#### Machine Size

Height: 34.5cm  
Width: 21cm  
Length (open): 34.5cm  
Length (closed): 8.5cm  
Weight: 1.71kg

#### Operating Temperature

15-32 °C

#### Shipping Dimensions

Height: 10.8cm  
Width: 30.48cm  
Length: 53.35cm  
Weight: 3.13kg

#### Free Software

Download at:  
[matterandform.net/download](http://matterandform.net/download)

#### Supported Platforms

Win 7,8 and 10  
Mac OS 10.9+

#### File Export Options

STL, OBJ, PLY, XYZ

#### Optics

HD CMOS sensor  
2 lasers

#### Connectivity

USB 2.0 high speed interface

#### Power Input

110-240V

#### Power Requirements

12V DC @ 2 amps

#### In The Box

Matter and Form Scanner  
Australian Approved Power cable  
USB A-B Cable  
Calibration Box  
User Manual  
Product Information Booklet

#### Warranty & Support

12 Month Australian Warranty
