# Double Robotics has come to Australia

“Hello from where  
ever you want to be!”

Bilby 3D are now an official Australian distributor of the “Double”, a telepresence device which enables you to have a conversation anywhere and anytime. It can be controlled from anywhere in the world via WiFi on Mac, Windows, iPad or iPhone devices.

We love the Double because our staff are able to seamlessly interact between our Bega and Sydney offices from over 300km away! With the Double, our staff can move and see what is happening on the other end.

If you're interested in owning a Double yourself or just want to

give it a spin, visit us at our Alexandria showroom (map below) or contact us via [reception@bilby3d.com.au](mailto:reception@bilby3d.com.au) or 1800 847 333.

Alternatively, visit our website to find out more and order online.

**MORE INFO**

Best Regards,

**The Bilby 3D Team**
